

Georgia's State Water Plan

Council Meeting Draft Agenda

Altamaha Council Meeting 3 Objectives:

- 1) Identify Region-specific water resource goals to assist in future evaluation of water resource management practices;
- 2) Review population and employment data and discuss their use in water needs forecasts;
- 3) Review proposed final Agricultural water needs forecasts and discuss Industrial water demands;
- 4) Discuss management practice concepts and planning resources;
- 5) Resource Assessment Information - Increase our understanding of Altamaha groundwater and management.
